Safety Data Sheet Rosemary var. Verbenone Hydrosol

Description: Organic Rosemary var. verbenone hydrosol is produced as a by-product during the production of Rosemary var. verbenone (Salvia Rosmarinus) essential oil. All the steam that passes through the Rosemary biomass during distillation is captured. The resultant product is sold as 100% pure Rosemary var. verbenone hydrosol.

Physical and Chemical properties	RANGE
Odour	Characteristic fresh
Appearance	Mobile liquid
Colour	clear
Specific gravity at 20°C	0,999
Flash point	Not combustible

The essential oil content in the organic rosemary var. verbenone hydrosol is typically between 0.12 to 0.15%

Main Ingredients: Please note this the essential oil composition after water has been evaporated	CAS-No	Percentage
Verbenone	80-57-9	40 to 50%
Camphor	76-22-2	14 to 18%
Cineol 1,8 (Eucalyptol)	470-82-6	2 to 4%
Borneol	507-70-0	3 to 6%

Technical specifications:

NCS, Natural Complex Substance (100% pure and natural)

EC-No: 283-291-9
 CAS-No EU: 8000-25-7
 CAS-No US: 84604-14-8
 FEMA-No: 2992
 N° FDA 182.20
 N° CoE: 406n
 AFNOR: NF T 75-214

Special indications:

The presence of the following allergen substances in a finished product must be indicated by way of labelling if their respective concentration exceeds 100 ppm in a rinsed product and 10 ppm in a product not rinsed. (7th amendment of Cosmetic Directive European 2003/15/EC)

Present allergens:

Restricted Component	Cas No:	% Level in Product	IFRA Standard
Limonene	5989-27-5	<0.0001%	Specification Stds
Linalool	78-70-6	<0.0001%	Specification Stds
Camphor	76-22-2	<0.0001%	

First Aid measures

Description of First aid measures

General advice

Consult a physician. Show this safety data sheet to the doctor in attendance.

Eye contact: Wash eyes by normal first aid procedures for at least 15 minutes and consult a physician. If you wear contact lenses, rinse your eyes immediately. The lenses will probably fall out during rinsing. If not, remove them after rinsing. Do not put them back in. If you wear soft contact lenses, throw them away even if new. In all cases, do not wear contact lenses after the accident without the advice of an eye specialist.

Skin contact: Wash off immediately with soap and plenty of water. If irritation persists or if skin lesions of any kind appear, seek medical advice.

Ingestion: Clean mouth with water. If swallowed, do not induce vomiting.

Notes to physician: Treat symptomatically.

Accidental release measures

Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Evacuate personnel to safe areas.

Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains, water courses or onto the ground.

Methods and materials for containment and cleaning up

Small spills can be wiped up with paper rags (placed in closed metal waste container). Large spill: contain spillage, and then collect with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations. Large spills can also be collected with non combustible absorbent material (e.g. sand, earth, diatomaceous earth, vermiculite) and placed in metal container for disposal according to local/National regulations.
